Description

With the ArduSimple Shield for second Plugin Socket you will be able to add a second High Power socket to your ArduSimple board.

Good to know:

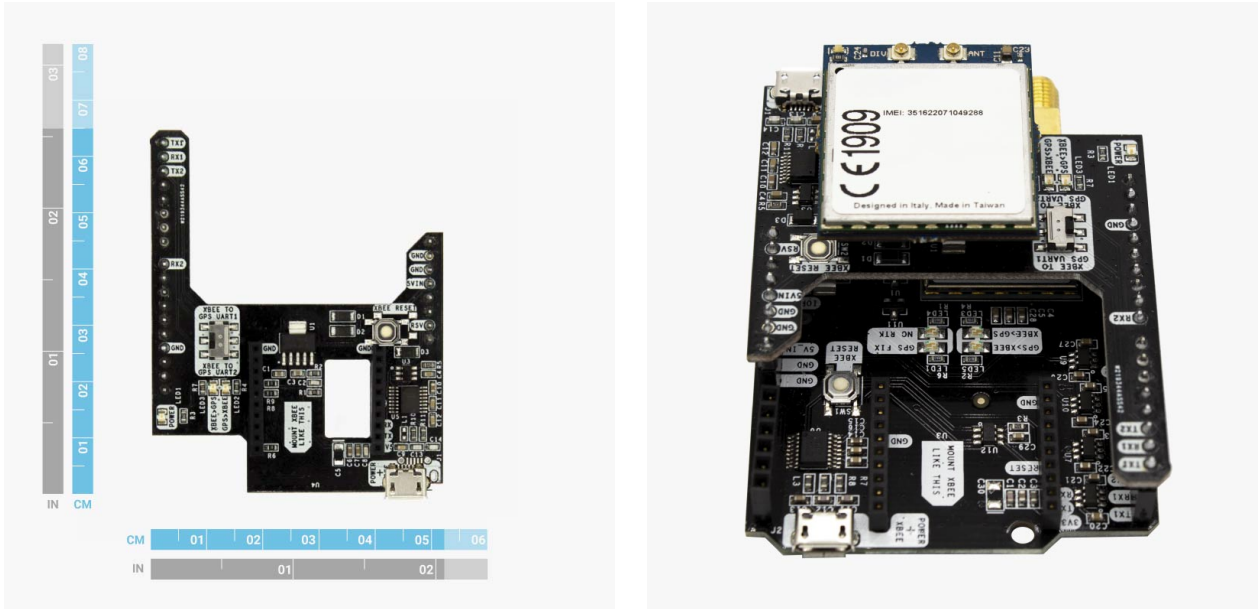

- If you have a simpleRTK2B Budget, you will need to plug the adapter on top of your board and also you will need to connect "5V Out" to "5V In" on your board.
- This product includes a set of headers in case your ArduSimple board is without headers soldered.

Specifications

Hardware features:

- Voltage supply (VCC): 5.5 - 4.5V
- Socket maximum output power: 1A @ 3.4V continuous
