Description

Do you already own an ArduSimple 4G NTRIP Master and the base station of your service provider is too far away? Just get our product upgrade and forget about the distance to your base station.

With ArduSimple simpleSSR receivers, you will be able to enjoy plug-and-place centimeter accuracy in Europe and Continental North America from any area with cellphone coverage.

Thanks to u-blox F9 RTK engine, Thingstream PointPerfect augmentation service and ArduSimple integration and pre-configuration, just power up, wait 1-2 minutes, and enjoy centimeter precision.

Check the [simpleSSR product page](#) for more information.

Good to know:

- The price includes the SIM card, 1 year unlimited data plan, 1 year unlimited PointPerfect augmentation service.
- Service will activate automatically during the first power up or 15 days after delivery, whichever happens first.
- You can use the device without limit for a full calendar year: 365 days @ 24h/day.
- When the date of the license period is close to expire, you will have the possibility to renew it at 365€/year.
- SAPA Premium RTK-SSR correction service coverage and up to 20km from the coastline:
